

HEAD 9006 LUSAKA CITY COUNCIL**1.0 MANDATE**

To provide municipal services through operational and service excellence, innovation, community engagement and observance of good financial management and accountability. This is in agreement with the Republican Constitution (Amendment) Act No.2 of 2016 Part IX on the System of Devolved Governance [Article 147 (2)] and Part XI on the System of Local Government.

2.0 STRATEGY

Lusaka City Council is committed to delivering effective, efficient, and sustainable public services that promote inclusive urban growth and improved quality of life for all residents. Guided by the Eighth National Development Plan (8NDP), the Integrated Development Plan (IDP), and the Sustainable Development Goals (SDGs), the Council will strengthen systems for transparent governance, resource mobilization, and accountable service delivery. The Council will prioritize infrastructure development, environmental resilience, and social inclusion through evidence-based planning, community participation, and innovation. By fostering strategic partnerships with stakeholders, enhancing digital transformation, and mainstreaming climate action, Lusaka City Council will ensure a well-planned, healthy, safe, and economically vibrant city for present and future generations.

4.0 BUDGET SUMMARY

HEAD 9006 LUSAKA CITY COUNCIL

The Lusaka City Council's approved budget for 2026 stands at K1.2 billion, representing a 22.5% increase from the 2025 allocation of K939.9 million. This growth is driven by strategic investments in community development through the expanded Constituency Development Fund (CDF), which continues to finance critical community projects, bursaries, and empowerment initiatives across the city's seven constituencies, alongside the implementation of a new Valuation Roll that strengthens the Council's revenue base through improved property rate assessments. The 2026 budget is organized around sixteen strategic programmes, designed to advance the priorities of the Eighth National Development Plan (8NDP), support Lusaka's Integrated Development Plan (IDP) objectives, and contribute to the achievement of the Sustainable Development Goals (SDGs). Key focus areas include economic transformation, inclusive human and social development, environmental sustainability, good governance, and resilient urban infrastructure. By aligning local investments with national and global development frameworks, resources are directed to interventions that generate measurable impact, enhance service delivery, promote social equity, and foster sustainable growth. Overall, the 2026 budget underscores Lusaka City Council's commitment to inclusive development, community empowerment, fiscal responsibility, and long-term strategic planning, while maintaining strong alignment with local, national, and global development agendas.

Table:1 Budget Allocation by Economic Classification

No	ECONOMIC CLASSIFICATION	2024 APPROVED BUDGET (K)	2025 APPROVED BUDGET (K)	2026 BUDGET ESTIMATE (K)
21	Personal Emoluments	209,249,900	261,328,286	308,215,038
22	Goods and Services	224,433,434	210,854,091	316,157,270
25	Social Assistance Benefits	(0)	120,730,998	56,037,501
26	Grants and Other Payments(Transfers)	57,043,566	61,036,615	67,899,475
31	Non-Financial Assets	179,166,665	224,105,009	325,120,006
32	Financial Assets	24,447,242	26,365,297	29,276,523
41	Current Liabilities (Payable within one year)	27,311,360	35,556,360	49,288,880

Figure 1: Budget Allocation by Economic Classification

In 2026, Lusaka City Council will implement a total budget of K1.2 billion, designed to drive inclusive service delivery, infrastructure development, social protection, and financial sustainability. The largest

HEAD 9006 LUSAKA CITY COUNCIL

allocation of K325.1 million, representing 28 percent, is dedicated to Non-Financial Assets, supporting capital projects and municipal infrastructure that strengthen the city's foundations. Goods and Services receive K316.1 million, accounting for 27 percent, providing the operational resources necessary for effective programme delivery across all sectors. Personal Emoluments total K308.3 million, making up 27 percent of the budget, ensuring that salaries, wages, and related personnel costs are met to maintain a skilled and motivated workforce. Grants and Other Payments have been set at K67.9 million, representing 6 percent, reinforcing partnerships and community empowerment initiatives, while Social Assistance Benefits amount to K56.0 million, which is 5 percent, ensuring targeted support for vulnerable households and individuals. To maintain fiscal stability, Current Liabilities are budgeted at K49.3 million, reflecting 4 percent, while Financial Assets account for K29.3 million, or 3 percent, supporting long-term financial sustainability. The 2026 budget is carefully structured to balance investment in infrastructure, operational efficiency, human resources, and social protection, fully aligned with the Sustainable Development Goals (SDGs), the 8th National Development Plan (8NDP), and Lusaka's Integrated Development Plan (IDP). It demonstrates the Council's commitment to sustainable, inclusive, and accountable governance while responding to both local and national development priorities.

In 2026, Lusaka City Council has strategically allocated resources across its programmes and subprogrammes to strengthen service delivery, promote community empowerment, and support sustainable development. The Constituency Development Fund CDF receives K280.2 million, with K170.5 million dedicated to community projects and infrastructure, K48.5 million earmarked for women and youth empowerment, K48.5 million for secondary school bursaries and skills development, and K12.8 million for programme administration. These allocations reflect a strong commitment to participatory development across Lusaka's seven constituencies. The Local Governance Programme is allocated K28.8 million, supporting legislative functions, citizen engagement, and Ward Development Fund initiatives, including K1.4 million for Ward Development Committees, K9.4 million to strengthen legislative operations, and K18.0 million to enhance citizen participation in addressing priority community needs such as roads, water, and sanitation. The Integrated Development Planning Programme receives K33.8 million, with K24.3 million directed to spatial planning, K7.8 million to socio-economic planning, and K1.7 million for environmental planning, ensuring that Lusaka's growth is coordinated, evidence-based, and resilient. In support of economic transformation, the Economic and Business Development Programme is allocated K49.9 million, including K15.7 million for trade facilitation and licensing, and K34.2 million for Local Economic Development, which encompasses the completion and equipping of three mini civic centres to promote entrepreneurship and local business growth. Health and well-being are prioritized with the Public Health and Environmental Protection Programme receiving K73.6 million, mainly for health inspections K71.1 million and pest control K2.4 million, safeguarding public health standards across the city. The Housing and Community Amenities Programme is allocated K146.9 million, distributed across roads and drainage K28.2 million, street lighting K31.0 million, parks and gardens K6.8 million, markets and bus stations K23.3 million, community centres K50.1 million, and public housing K7.5 million, reflecting Lusaka's commitment to quality infrastructure and safe, vibrant communities. Cultural and recreational development receives attention through the Recreation, Culture, and Religion Programme with K12.2 million, covering sports promotion K8.2 million, library services K3.9 million, and cultural affairs K1,724, fostering learning, creative expression, and social cohesion. Education and skills are advanced through the Education and Skills Development Programme with K34.1 million, including K23.0 million for early childhood education, K10.8 million for adult literacy, and K19,915 for district archives, promoting literacy and lifelong learning. Safety and security remain central

HEAD 9006 LUSAKA CITY COUNCIL

to city operations, with the Public Order and Safety Programme receiving K88.7 million, split between community policing K38.6 million and fire protection services K50.1 million, ensuring public safety and emergency readiness. The Management and Support Services Programme is allocated K244.7 million, covering human resources and administration K109.3 million, executive management K17.7 million, procurement K2.4 million, ICT K14.6 million, auditing K4.7 million, accounting K70.8 million, and legal services K25.2 million, ensuring efficient governance, financial accountability, and operational support. To strengthen revenue generation and resource management, the Resource Mobilisation and Management Programme is allocated K66.3 million for revenue mobilisation and enhancement, supporting Lusaka's long-term financial sustainability. Health services are reinforced with the District Health Services Programme receiving K25.1 million, including K18.5 million for primary health services, K4.1 million for district health coordination, and K2.6 million for hospital services. Transport Services receives K6.35 million for road transport improvement, while agriculture receives targeted support through the Agricultural Services Programme with K430,000, distributed across crop production and advisory services K300,000, agribusiness development and marketing K30,000, and agricultural coordination K100,000. Livestock and fisheries development are promoted under the Fisheries and Livestock Programme with K602,667, allocated to fisheries and livestock marketing K61,133, animal health services K68,402, fisheries productivity improvement K79,082, livestock productivity improvement K80,910, and district coordination K313,139, strengthening food security and agribusiness value chains. Finally, social protection receives significant attention through the Social Protection and Community Development Programme with K60.2 million, supporting cash-for-work programmes, district social welfare K60.2 million, and community development initiatives K6,897, providing targeted assistance to vulnerable populations. Overall, the 2026 budget demonstrates Lusaka City Council's dedication to inclusive development, fiscal responsibility, and alignment with the Sustainable Development Goals SDGs, the 8th National Development Plan 8NDP, and Lusaka's Integrated Development Plan IDP, balancing investments in infrastructure, social services, governance, and community empowerment to drive sustainable growth across the city.

Programme Total	214,449,494	-	252,407,054	-	280,227,850

In 2026, the Constituency Development Programme is allocated K280.23 million, structured across key economic classifications to support inclusive development. Under Use of Goods and Services, K20.04 million is allocated for general operations to facilitate programme delivery. Transfers receive K67.90 million to support bursaries, grants, and empowerment initiatives targeting vulnerable groups. A total of K163.19 million is allocated under Non-Financial Assets for capital investments in infrastructure, while Financial Assets receive K29.10 million to strengthen local economic participation. This allocation reflects Lusaka City Council's commitment to equitable service provision, poverty reduction, and expanded access to education and livelihoods.

Programme Total	214,449,494	-	252,407,054		280,227,850

In 2026, the Lusaka City Council has allocated a total of K280.2 million to the Constituency Development Programme (CDF) across seven constituencies. Of this, K170.5 million is directed towards community projects, supporting infrastructure, local services, and grassroots development. An additional K48.5 million is earmarked for women and youth empowerment initiatives, which include both grants and loans designed to stimulate entrepreneurship, enhance livelihoods, and promote inclusive economic participation. The CDF administration will receive K12.8 million to manage and oversee programme implementation, ensuring transparency and efficiency. A further K48.5 million is allocated for secondary school bursaries and skills development, expanding access to education and vocational training for underserved populations. This allocation reflects the council's commitment to community empowerment, education advancement, and equitable development at constituency level.

HEAD 9006 LUSAKA CITY COUNCIL

In 2026, Lusaka City Council will implement the Constituency Development Programme (CDF) with a focus on inclusive service delivery, infrastructure development, and community empowerment across all seven constituencies. Under infrastructure development, the programme will prioritise the construction and paving of over 15 kilometres of township roads to improve access to health facilities, schools, and markets. Major road works will be undertaken in Chawama Constituency, including Anglican Road in Chawama Ward 2 and Ngwenya Road in Nkhoma Ward 1, among others. In Kabwata Constituency, paving will focus on key township roads in Libala, Kamwala, Kamulanga, and Kabwata Wards, while Kanyama Constituency will see significant investments in access roads serving John Laing Clinic, Kanyama West Clinic, and surrounding communities in Chinika, Makeni Villa, and Garden Park Wards. Selected township roads will also be improved in Mandevu and Lusaka Central, including market access roads in Silwizya Ward. Complementing road works, drainage infrastructure will be constructed in flood-prone areas of John Howard Ward (Chawama) and Mulungushi Ward (Mandevu) to enhance climate resilience and protect road investments. Social infrastructure investments will include the construction of classroom blocks at Bayuni School in Munkolo Ward (Kanyama) and Muchinga School in Mwembeshi Ward (Matero), the construction of an Out-Patient Department at Kuku Health Post in Nkhoma Ward (Chawama), and maternity wings in Ngwerere (Mandevu) and Kamwala (Kabwata). Community safety will be strengthened through the construction of police posts in Silwizya (Lusaka Central) and Kapwepwe (Matero), and a new police station in Muchinga (Matero). Through rehabilitation works, the programme will upgrade selected township roads in Chinika and Makeni Villa Wards, rehabilitate schools, clinics, and police posts in Independence and John Howard Wards, and improve sports and recreation facilities in Lubwa, Lima, and Matero, among others. To enhance service delivery capacity, the programme will finance the procurement of four Tractor Loader Backhoes (TLBs), the distribution of over 2,100 school desks, the equipping of clinics with medical and maternity equipment, and the installation of solar streetlights and water supply systems in priority wards, including Munkolo, Kabwata, Roma, and Kabanana, among others. In parallel, the programme will provide funding support to 800 loan beneficiaries, 600 grant recipients, and 800 women and youth cooperatives. To strengthen governance and accountability, 76 community communication campaigns will be conducted, 119 CDFC members trained, and 38 Ward Development Committees supported, with all projects monitored in line with national CDF guidelines. Additionally, 7,000 skills development bursaries and 1,500 secondary school bursaries will be awarded to expand access to education and economic opportunity across Lusaka.

HEAD 9006 LUSAKA CITY COUNCIL**BUDGET PROGRAMMES****Programme 2 : Local Governance****Programme Objective**

To facilitate community participation in decision making and sustainable local development.

Programme Total	26,927,202	-	26,920,839	-	28,813,632

The budget for the Local Governance Programme has a total allocation of K28.8 million which has been allocated across three key areas. K5.2 million is dedicated to Personal Emoluments, which covers the salaries and wages of the council's employees. K22.4 million is allocated for the Use of Goods and Services, with K16.2 million specifically allocated for the disbursement of ward development funds to support projects in different wards, and K1.8 million designated for the operations of ward development committees. K1.1 million is allocated for Assets.

Lusaka City Council has allocated K28.8 million to the Local Governance Programme in 2026, focusing on local elections, legislative functions, and citizen engagement. A provision of K1.4 million supports the smooth operation of Ward Development Committees, while K9.4 million strengthens the Council's legislative capacity through law-making, transparent meetings, and training for councilors and staff. The largest share K18.0 million is dedicated to citizen engagement, which fully comprises Ward Development Fund projects. These projects address priority needs across Lusaka's wards, including roads, water supply, sanitation, and other essential services, while promoting inclusive participation, transparency, and community-led development.

Executive Authority:**Controlling Officer:** Programmes under which this Council will be accounted for by the Town Clerk, Lusaka City Council

In 2026, Lusaka City Council will implement the Local Governance Programme with a focus on strengthening ward-level structures, legislative oversight, and civic engagement. All 38 Ward Development Committees will be operationalised and trained, with elections conducted to ensure full representation. Two policies will be formulated, and 100% of council resolutions will be implemented, supported by four full council meetings and two special sessions. The Council will review and update two by-laws to enhance local governance. Additionally, 38 Ward Development Fund projects will be completed, alongside 38 civic education campaigns and 38 Local Market Advisory Committee meetings, reinforcing transparency, participation, and service delivery at community level.

In 2026, the Integrated Development Planning Programme is allocated K33.8 million to support spatial, socio-economic, and environmental planning across Lusaka District. Under Personal Emoluments, K12.10 million will cover salaries and personnel-related costs to sustain technical planning capacity. Use of Goods and Services receives K5.58 million for general operations, including environmental and socioeconomic planning activities. Additionally, K16.2 million is allocated under Non-Financial Assets for capital expenditure to enhance planning infrastructure. This allocation underscores Lusaka City Council's commitment to structured urban growth and inclusive development.

Programme Total	17,563,818	-	17,901,384	-	33,835,152

To support Lusaka's orderly and inclusive growth, the City Council has allocated K33.8 million to the Integrated Development Planning Programme in 2026. The largest share—K24.3 million—is dedicated to spatial planning, guiding land use, infrastructure development, and urban zoning to address challenges such as congestion and unplanned settlements. Environmental planning receives K1.7 million, focusing on the protection and enhancement of green spaces and ecological sustainability. Meanwhile, K7.8 million is allocated to socio-economic planning, targeting improvements in healthcare, education, poverty reduction, and job creation. This programme ensures Lusaka's development remains balanced, forward-looking, and responsive to both environmental and human needs.

Executive Authority:**Controlling Officer:** Programmes under which this Council will be accounted for by the Town Clerk, Lusaka City Council

In 2026, Lusaka City Council will implement the Integrated Development Planning Programme with a focus on strengthening urban development control, land management, environmental sustainability, and inclusive spatial planning. Development control services will process and approve 1,440 building plans for both permanent and temporary structures, while enforcement actions will result in the demolition of 25 illegal structures. Outdoor advertising regulation will be supported through the processing of 60 billboard applications, ensuring orderly urban aesthetics and compliance with planning standards. Land survey and mapping services will address land administration challenges through the processing of 100 land boundary dispute applications, 100 beacon identifications, and the preparation of 100 maps and survey diagrams to support accurate spatial planning. To guide structured urban growth, one Local Area Plan will be formulated, complemented by 76 community sensitisation events on the Integrated Development Plan (IDP) and 16 stakeholder engagement meetings to promote participatory planning. Environmental governance will be strengthened through the formation of 38 Community AIDS Task Forces (CATFs), the planting of 5,000 trees to enhance urban greening, and the formulation of one Environmental Policy. Compliance monitoring will include 576 industrial inspections, alongside 48 environmental awareness campaigns aimed at promoting responsible environmental practices. Collectively, these interventions will support sustainable urban development, environmental protection, and inclusive stakeholder participation across the city.

HEAD 9006 LUSAKA CITY COUNCIL**BUDGET PROGRAMMES****Programme 4 : Economic and business development****Programme Objective**

To provide an enabling business environment that will attract investors from both within and outside the district.

In 2026, the Economic and Business Development Programme is allocated K49.87 million to foster a conducive environment for investment and local enterprise growth. Under Personal Emoluments, K8.38 million will support salaries and personnel-related costs to strengthen institutional capacity. Use of Goods and Services is allocated K34.36 million for operational activities that facilitate trade, licensing, and business support services. Additionally, K7.13 million is provided under Non-Financial Assets for capital investments aimed at enhancing infrastructure and service delivery. This allocation underscores Lusaka City Council's commitment to stimulating economic activity and attracting investment within the district.

Programme Total	45,442,016	-	48,207,472	-	49,870,563

Lusaka City Council has allocated K49.9 million to the Economic and Business Development Programme in 2026, focusing on stimulating local economic growth and improving the business environment. Of this, K15.71 million is directed to trade facilitation and licensing, streamlining business processes and making it easier for enterprises to operate and comply with regulations. The remaining K34.16 million supports Local Economic Development, including a flagship initiative to complete and equip three mini civic centers. These centers will improve access to government services, promote local entrepreneurship, and foster a more vibrant and inclusive economy across Lusaka.

Executive Authority:**Controlling Officer:** Programmes under which this Council will be accounted for by the Town Clerk, Lusaka City Council

In 2026, Lusaka City Council will implement the Economic and Business Development Programme with a focus on promoting local investment and strengthening business compliance. Seven sensitization meetings will be conducted to enhance awareness of registration requirements, while two investment exhibitions will be held to attract new opportunities. All investment inquiries will be facilitated at 100%, and one districtlevel feasibility study will be conducted to assess viable ventures. These outputs aim to boost entrepreneurship, improve the business environment, and support inclusive economic growth across Lusaka.

In 2026, Lusaka City Council will implement the Public Health and Environmental Protection Programme with a total budget allocation of K73.6 million to support the promotion of public health and the sustainable management of the environment in the district. Of this amount, K22.4 million will be allocated to Personal Emoluments to support staffing and human resource requirements necessary for the delivery of public health services. This includes K17.1 million for Salaries and Wages and K5.3 million for Personnel Related Costs, ensuring that the Council maintains an adequate and motivated workforce to effectively implement environmental health programmes. A further K13.9 million will be directed towards Use of Goods and Services, specifically under General Operations, to facilitate routine public health activities such as sanitation operations, inspections, environmental monitoring, and other operational interventions required to maintain public health standards across the city. Additionally, K37.2 million will be allocated to Assets, under Non-Financial Assets (Capital Expenditure), to support investment in infrastructure, equipment, and other capital requirements aimed at strengthening public health systems and environmental protection services. Through this allocation, Lusaka City Council will enhance its operational capacity, strengthen environmental health management systems, and improve service delivery in sanitation, disease prevention, and environmental protection across the district.

In 2026, Lusaka City Council will implement Public Health and Environmental Protection with a total allocation of K73.6 million to strengthen sanitation management, public health regulation, and environmental protection across the district. The programme supports efforts to safeguard community health through inspections, pest control, and other environmental health interventions. The largest share of the allocation, K71.1 million, will be directed towards the Health Inspections Subprogramme, which focuses on enforcing public health regulations, conducting inspections of premises and food establishments, monitoring sanitation standards, and ensuring compliance with environmental health requirements across the city. In addition, K2.4 million will be allocated to the Pest Control Subprogramme to support interventions aimed at reducing environmental health risks associated with disease vectors and stray animals. This will include activities such as mosquito hotspot management, dog registration and tagging, and pest baiting or spraying to prevent the spread of vector-borne diseases. Through these allocations, Lusaka City Council will strengthen preventive public health systems, enhance regulatory enforcement, and promote a healthier and safer environment for residents across the city.

Executive Authority:**Controlling Officer:** Programmes under which this Council will be accounted for by the Town Clerk, Lusaka City Council

In 2026, Lusaka City Council will implement the Public Health and Environmental Protection Programme with a strong emphasis on sanitation management, disease prevention, food and water safety, and dignified burial services. A total of three hundred and sixty-four Keep Lusaka Clean operations will be conducted to strengthen citywide sanitation and environmental hygiene. Public health regulation will be reinforced through the issuance of thirteen thousand health permits and the undertaking of fifteen thousand public health inspections, ensuring that businesses and public premises comply with health and safety standards. Under safe burial and death management services, the Council will maintain one hundred percent burial of unclaimed bodies, while seventeen thousand seven hundred and seventeen burial services will be conducted and three thousand four hundred and ninety-eight deaths registered, ensuring dignified burial services and proper civil registration systems. To safeguard food and water safety, the Council will ensure that one hundred percent of water samples, food samples, and carcasses are tested and inspected, strengthening public health surveillance and preventing the spread of food- and water-borne diseases across the city. Efforts under pest and animal control will include larviciding seven mosquito hotspots to reduce vector-borne diseases, while one hundred percent of dogs will be registered and tagged to improve animal control and public safety. In addition, two hundred and sixty-five premises will be baited or sprayed to manage pests and reduce environmental health risks. Through these interventions, Lusaka City Council will continue to strengthen environmental sanitation systems, enhance disease prevention measures, and protect public health, contributing to a cleaner, safer, and healthier city for all residents.

In 2026, Lusaka City Council will implement the Housing and Community Amenities Programme with a total budget allocation of K146.9 million to support sustainable infrastructure development and improve access to community amenities across the district. This programme will strengthen the city's capacity to deliver essential infrastructure, maintain public facilities, and enhance the quality of life for residents. Of the total allocation, K30.1 million will be directed towards Personal Emoluments to support the workforce responsible for planning, developing, and maintaining municipal infrastructure. This includes K24.8 million for Salaries and Wages and K5.3 million for Personnel Related Costs, ensuring that the Council maintains adequate technical and operational staff to implement infrastructure and community development initiatives. A further K82.3 million will be allocated to Use of Goods and Services, under General Operations, to support the operational activities required for infrastructure development and maintenance. These resources will facilitate works such as routine maintenance of public infrastructure, provision of community services, and operational support for infrastructure-related projects across the city. Additionally, K34.4 million will be invested in Assets, under Non-Financial Assets (Capital Expenditure), to finance the development and upgrading of municipal infrastructure and community amenities. This investment will support the acquisition and construction of infrastructure assets necessary to improve service delivery and promote sustainable urban development. Through this allocation, Lusaka City Council will strengthen infrastructure systems, expand access to community amenities, and support sustainable urban development to meet the growing needs of the city.

HEAD 9006 LUSAKA CITY COUNCIL

In 2026, Lusaka City Council will implement the Housing and Community Amenities programme to support the development, maintenance, and management of municipal infrastructure and community facilities across the district. The programme outputs outline the key service delivery targets to be achieved during the year. Under Urban Green Spaces Developed and Maintained, the Council will focus on enhancing public recreational spaces and maintaining the urban environment. In 2026, the Council targets the development of one play park and will conduct 168 tree trimming and debris removal exercises to improve environmental cleanliness, safety, and the overall appearance of public spaces. Through Market Services and Sanitation Improved, Lusaka City Council will strengthen the management of trading facilities and promote improved sanitation standards in markets. In 2026, the Council targets the registration of 695 market stands and 215 market shops, while 7,000 occupancy permits will be renewed to regulate trading activities and ensure compliance with municipal requirements. In addition, four food systems training sessions will be conducted to promote food safety and improve market management practices. Under Local Authority Infrastructure Constructed, the Council will invest in the rehabilitation and development of key community infrastructure. In 2026, the Council targets the rehabilitation of eight community halls, two community schools, and two pre-schools, as well as the construction of two classroom blocks and two school ablution blocks to improve learning environments. In addition, three mini civic centres will be completed to enhance access to local government services within communities. Through initiatives aimed at Strengthening Security of Tenure, the Council will continue improving property identification and land administration systems. In 2026, the Council targets the numbering of 7,000 properties and the registration of 5,500 households to strengthen the municipal property database. In addition, 70 occupancy licence documents will be processed, while eight community sensitization programmes will be conducted to increase public awareness on land tenure processes and property registration. Under Road Infrastructure Developed and Maintained, the Council will continue improving road networks and drainage infrastructure to enhance mobility and stormwater management. In 2026, the Council targets the marking of 50 kilometres of roads, the construction of 10 kilometres of drainage, and the maintenance of 10 kilometres of drainage infrastructure. Additionally, 30 kilometres of township roads will be rehabilitated, while 20 kilometres of potholes will be patched to improve road conditions and accessibility. Through Road Safety and Traffic Management Improved, Lusaka City Council will implement measures aimed at enhancing road user safety and improving traffic control. In 2026, the Council targets the installation of 30 speed humps and 60 road signs in strategic locations to reduce accidents and improve traffic regulation. Under Non-Motorized Transport Infrastructure Development and Maintenance Enhanced, the Council will promote safer and more inclusive mobility options for pedestrians and cyclists. In 2026, the Council targets the construction of one kilometre of pedestrian walkways, the maintenance of one kilometre of pedestrian walkways, and the construction of two kilometres of cycle lanes to support sustainable urban transport. Lastly, under Street Lighting and Traffic Control Systems Improved, the Council will enhance public safety and road visibility, particularly during night-time. In 2026, the Council targets the erection of 100 street lighting poles and the maintenance of five traffic light junctions to improve road safety and support efficient traffic management. Through these outputs, Lusaka City Council will continue strengthening municipal infrastructure systems and improving access to essential community amenities and services across the district.

Executive Authority:

Controlling Officer: Programmes under which this Council will be accounted for by the Town Clerk, Lusaka City Council

HEAD 9006 LUSAKA CITY COUNCIL

In 2026, Lusaka City Council will implement the Housing and Community Amenities Programme with a focus on creating greener, safer, and more accessible urban spaces, while strengthening infrastructure, services, and tenure security. To improve urban green spaces, the Council will maintain and inspect 100 public vegetation sites and produce 1,000 seedlings to expand the city's greenery. A further 1,000 trees, shrubs, and lawns will be planted and irrigated, while 168 tree trimming and debris removal exercises will enhance environmental safety and aesthetics. The development of one public play park will also provide a recreational space that supports community wellbeing and social cohesion. In market services and sanitation, formalization and hygiene will be priorities. The Council will register 695 market stands and 215 market shops, and renew 7,000 occupancy permits to strengthen compliance and management of trading spaces. Capacity will be built through four food systems training sessions, equipping market actors with the knowledge to handle food safely and efficiently. Daily sanitation services, including maintenance of toilets and bathrooms, sweeping, garbage collection, and servicing of refuse bins, will ensure that markets and bus stations remain clean, safe, and hygienic for traders and the public alike. Under local authority infrastructure improvement, the Council will rehabilitate eight community halls, two community schools, and two pre-schools, while constructing two classroom blocks and two school ablution blocks to enhance educational and social infrastructure. Additionally, three mini civic centres will be completed, decentralizing municipal services and improving access for communities. To strengthen security of tenure, the Council will number 7,000 properties and register 5,500 households, while processing 70 occupancy licence documents. Community sensitization programmes in eight communities will further promote awareness of property rights and land tenure processes. In road infrastructure development and maintenance, 50 kilometres of roads will be marked, 10 kilometres of drainage constructed and maintained, 30 kilometres of township roads rehabilitated, and 20 kilometres of potholes patched. These interventions will improve road conditions, enhance drainage, and reduce transport-related disruptions. To enhance road safety and traffic management, 30 speed humps and 60 road signs will be installed in strategic locations. Non-motorized transport infrastructure will also be strengthened through the construction of 1 kilometre of pedestrian walkways, maintenance of 1 kilometre of existing walkways, and 2 kilometres of cycle lanes, promoting safer, more inclusive mobility. Finally, street lighting and traffic control systems will be improved with the erection of 100 street lighting poles and the completion of 12 maintenance activities, enhancing visibility, public safety, and urban livability after dark. Through these integrated interventions, Lusaka City Council will deliver tangible improvements across environmental management, public infrastructure, mobility, and community services, ensuring that the city becomes greener, safer, and more inclusive for all residents.

HEAD 9006 LUSAKA CITY COUNCIL**BUDGET PROGRAMMES****Programme 7 : Recreation Culture and Religion****Programme Objective**

To promote recreation, culture, religious affairs, and talent identification in the district.

Programme Total	10,238,975	-	7,558,830	-	12,177,781

In 2026, Lusaka City Council will implement the Recreation, Culture, and Religion Programme with a total allocation of K12.2 million, aimed at promoting recreation, cultural activities, religious affairs, and talent identification across the district. The programme budget is distributed across key economic categories to ensure efficient personnel management, operational effectiveness, and strategic investment in assets. A total of K2.7 million will be directed to personal emoluments, including salaries, wages, other allowances, and personnel-related costs. This allocation ensures that the Council's workforce is adequately compensated and supported to deliver high-quality services in libraries, cultural affairs, and sports promotion. The largest portion of the budget, K9.2 million, is earmarked for use of goods and services, covering operational costs required to maintain and run libraries, rehabilitate sports facilities, implement cultural initiatives, and conduct talent development activities. This allocation will support day-to-day programme delivery, including facility maintenance, training programmes, community events, and the procurement of essential materials and services. A smaller portion, K211,883, will be invested in assets (capital expenditure), ensuring that critical non-financial assets are acquired or maintained to support the programme's infrastructure needs, including library facilities, sports equipment, and other cultural and recreational infrastructure. Through this distribution, Lusaka City Council will ensure that resources are efficiently allocated to sustain personnel, maintain operations, and support strategic investments, thereby enhancing the overall delivery of recreational, cultural, and talent development services across the district.

Programme Total	10,238,975	-	7,558,830		12,177,781

In 2026, Lusaka City Council will implement the Recreation, Culture, and Religion Programme with a total allocation of K12.18 million, supporting community learning, cultural development, and recreational activities across the district. The programme budget is distributed across key subprogrammes that strengthen library services, promote cultural affairs, and enhance sports development. Under Library Services, K3.93 million has been allocated to upgrade facilities, improve access to modern learning resources, and create spaces that support research, education, and community engagement. This investment will ensure residents benefit from well-equipped libraries that foster knowledge, learning, and community interaction. The Cultural Affairs subprogramme will receive 1,724 to support initiatives that preserve and promote arts, heritage, and community participation. These resources will fund activities that celebrate local culture, encourage creative expression, and strengthen social cohesion within communities. To promote Sports Development, K8.24 million will be directed towards the rehabilitation of sports facilities, support for talent identification and development activities, and the sponsorship of sports clubs. This allocation will provide safe, functional spaces for athletes and community members, nurture emerging talent in sports and the arts, and encourage participation in structured competitions and recreational activities. Through these strategic allocations, Lusaka City Council will enhance access to cultural, learning, and recreational infrastructure, foster talent, and provide communities with opportunities for education, active lifestyles, and creative expression.

Executive Authority:**Controlling Officer:** Programmes under which this Council will be accounted for by the Town Clerk, Lusaka City Council

In 2026, Lusaka City Council will advance community learning, recreation, and cultural development by investing in library services, sports facilities, and talent development initiatives. To enhance library and information services, one facility will be upgraded, improving access to modern learning resources and creating spaces that support research, education, and community engagement. In the area of sports, arts, and cultural development, the Council will rehabilitate two sports facilities, ensuring that athletes and community members have safe, functional spaces for training and competition. Complementing this, two talent identification and development activities will be conducted, aimed at discovering and nurturing emerging athletes and artists. To further strengthen community participation, four sports clubs will be sponsored, providing structured support for local competitions and promoting active lifestyles across the district. These combined interventions will ensure that Lusaka's communities have access to quality recreational and cultural infrastructure, foster talent, and enjoy greater opportunities for learning, creative expression, and social cohesion.

Programme Total	22,191,335	-	21,425,235	-	34,141,037

In 2026, the Education and Skills Development Programme is allocated K34.1 million to facilitate literacy, vocational training, and skills development across Lusaka communities. The programme budget is distributed across key economic categories to ensure effective personnel management, smooth operations, and strategic investments in learning infrastructure. A total of K20.5 million is allocated to Personal Emoluments, covering salaries, wages, and personnel-related costs for education officers, facilitators, and support staff. This allocation ensures that the programme is adequately staffed to deliver high-quality literacy and skills development services across the district. Use of Goods and Services receives K13.3 million, which will fund general operations, community-based learning activities, adult literacy programmes, early childhood education, and vocational training initiatives. These resources will enable the effective delivery of educational services and support broad community engagement in learning activities. A smaller allocation of K311,485 is directed to Non-Financial Assets (capital expenditure), supporting investments in classroom improvements, learning facilities, and other infrastructure critical for enhancing the teaching and learning environment. Through this distribution, Lusaka City Council demonstrates its commitment to inclusive education, lifelong learning, and skills development, ensuring that communities have access to quality educational opportunities that empower individuals and strengthen human capital across the district.

Programme Total	22,191,335	-	21,425,235		34,141,037

In 2026, Lusaka City Council will implement the Education and Skills Development Programme with a total allocation of K34.1 million, supporting literacy, vocational training, and skills development across the district. The programme budget is distributed across key subprogrammes to ensure targeted investment in early learning, adult education, and archival services. Under District Arch K19,915 is allocated to maintain and manage archival records, ensuring the preservation of educational and institutional documents for future reference and research. The Early Childhood Education subprogramme will receive K23.3 million to expand access to early learning opportunities, support pre-school infrastructure, and provide resources for young learners and educators. This investment will strengthen foundational education and ensure that children enter primary school well-prepared. Adult Literacy is allocated K10.8 million to enhance literacy and vocational skills among adults, providing opportunities for lifelong learning and empowerment. These resources will support community-based literacy programmes, skills training initiatives, and capacity-building activities that enable adults to improve their education, employability, and participation in community development. Through these strategic allocations, Lusaka City Council will ensure that resources are effectively targeted to strengthen early childhood education, adult learning, and archival services, fostering inclusive education and building human capital across the district.

Executive Authority:**Controlling Officer:** Programmes under which this Council will be accounted for by the Town Clerk, Lusaka City Council

In 2026, Lusaka City Council will advance education and skills development across the district through targeted interventions in district records management, early childhood education, and adult literacy initiatives. To strengthen district records management, the Council will produce two survey reports to assess and document educational data, while ensuring that 100% of records are collected and 100% of processed records are properly shelved. These activities will improve the organization, accessibility, and preservation of institutional records for planning and research purposes. Under early childhood education, the Council will establish nine new play spaces to provide safe and stimulating environments for young learners. In addition, 200 orphans and vulnerable pupils will be provided with pre-school education, and 200 pre-school children will be enrolled in the programme, ensuring access to quality early learning opportunities. To support teaching and learning, 1,200 learning kits and educational materials will be distributed, enhancing classroom resources and promoting an engaging learning environment. Through these interventions, Lusaka City Council will strengthen foundational education, expand access to early learning for vulnerable children, and ensure that educational infrastructure and resources meet the needs of learners, laying the groundwork for lifelong learning and skills development across the district.

Programme Total	49,129,370	-	61,319,828	-	88,706,940

In 2026, Lusaka City Council will implement the Public Order and Safety Programme with a total allocation of K88.7 million, aimed at enforcing by-laws, promoting public safety, and protecting private and public property across the district. The programme budget is distributed across personnel, operational, and asset categories to ensure effective law enforcement and community safety. A total of K53.0 million is allocated to Personal Emoluments, covering salaries, wages, other allowances, and personnel-related costs for law enforcement officers and support staff. This ensures that the workforce is adequately compensated and equipped to enforce by-laws, respond to incidents, and maintain public order. Use of Goods and Services receives K21.3 million to fund general operations, including field operations, community policing initiatives, patrols, enforcement campaigns, and other activities essential for maintaining safety and compliance with applicable laws. These resources support day-to-day programme delivery and enhance the effectiveness of safety and enforcement measures. An allocation of K14.4 million is designated for Non-Financial Assets (capital expenditure), which will be used to acquire or maintain critical equipment, vehicles, and infrastructure necessary for operational efficiency and the safe execution of law enforcement activities. Through this strategic distribution, Lusaka City Council will ensure that resources are efficiently applied to strengthen enforcement capacity, protect communities, and enhance the safety and security of public and private property throughout the district.

In 2026, Lusaka City Council will implement the Public Order and Safety Programme with a total allocation of K88.7 million, aimed at promoting law enforcement, community safety, and the protection of public and private property across the district. The programme budget is distributed across two subprogrammes to ensure targeted investment in community policing and fire protection services. Under Community Policing, K38.6 million will be allocated to strengthen law enforcement at the community level, enhance patrols, support local policing initiatives, and engage residents in safety and crime prevention activities. This subprogramme ensures that neighbourhoods receive focused attention to maintain public order, promote compliance with by-laws, and foster safer communities. The Fire Protection Services subprogramme will receive K50.1 million to support firefighting operations, emergency response, fire safety education, and the acquisition and maintenance of firefighting equipment. These resources will enhance the city's capacity to respond to fire incidents, protect lives and property, and reduce fire-related risks across Lusaka. Through these strategic allocations, Lusaka City Council will ensure that resources are effectively applied to strengthen community safety, improve law enforcement effectiveness, and enhance emergency preparedness, creating safer and more resilient urban environments for residents.

03 Number of fire certificates issued	-	-	46,000	-	46,000

Executive Authority:**Controlling Officer:** Programmes under which this Council will be accounted for by the Town Clerk, Lusaka City Council

In 2026, Lusaka City Council will strengthen public safety, law enforcement, and emergency response services across the district through targeted interventions in community policing and fire protection. To enhance community safety and security, the Council will undertake 365 compliance patrols throughout the year, ensuring that by-laws and regulations are enforced consistently. Additionally, 74 Council properties will be secured, safeguarding public assets and promoting a safe environment for residents and municipal operations. Under fire safety and emergency response, the Council will maintain a high level of operational readiness, responding to 100% of emergency calls within a 20–30 kilometre radius. Investigations will determine the cause of all reported fires, and 46,000 fire certificates will be issued to promote fire compliance and prevention across the city. These interventions will improve emergency preparedness, reduce risks, and enhance the overall safety and resilience of Lusaka communities. Through these measures, Lusaka City Council will ensure that residents and municipal assets are protected, that emergency services are responsive and effective, and that the district maintains high standards of public safety and fire prevention.

HEAD 9006 LUSAKA CITY COUNCIL**BUDGET PROGRAMMES****Programme 11 : Management and support Services****Programme Objective**

To provide organizational oversight as well as facilitate effective and efficient management of financial and human resources of the local authority

Programme Total	136,113,405	-	173,904,823	-	244,658,282

In 2026, Lusaka City Council will implement the Management and Support Programme with a total allocation of K244.7 million, aimed at strengthening the management of financial and human resources, improving operational efficiency, and ensuring organizational accountability. A total of K117.6 million is allocated to Personal Emoluments to cover salaries, wages, other allowances, and personnel-related costs for staff across the local authority, ensuring that the workforce is well-resourced to deliver effective administrative and oversight functions. Use of Goods and Services receives K43.0 million to fund general operations, including day-to-day management, administrative support, and the implementation of organizational initiatives. Non-Financial Assets (capital expenditure) are allocated K34.9 million to support investments in office infrastructure, equipment, and systems that enhance administrative efficiency. Finally, Liabilities of K49.2 million are provided for the settlement of outstanding bills, ensuring continuity of services and financial compliance. This allocation reflects Lusaka City Council's commitment to effective governance, sound financial management, and robust organizational oversight.

In 2026, Lusaka City Council will implement the Management and Support Services Programme with a total allocation of K244.7 million, aimed at strengthening organizational capacity, governance, and service delivery. Under Human Resource and Administration, K109.3 million is allocated to manage personnel, administrative processes, and staff welfare, ensuring a well-functioning workforce. Executive Management will receive K17.7 million to support strategic leadership, decision-making, and overall coordination of council activities. The Procurement subprogramme is allocated K2.4 million to facilitate transparent and efficient acquisition of goods and services, while ICT receives K14.6 million to enhance digital systems and technology infrastructure for improved operational efficiency. Auditing is provided K4.7 million to strengthen financial oversight and compliance, and Accounting receives K70.8 million to manage financial reporting, budgeting, and revenue tracking. Finally, Legal Services is allocated K25.2 million to ensure sound legal support and risk management across council operations. This distribution ensures that Lusaka City Council has the necessary resources to maintain effective management, robust oversight, and efficient support services, contributing to overall institutional performance.

HEAD 9006 LUSAKA CITY COUNCIL

To drive change management, the Council will ensure that 70% of municipal services are accessed via digital platforms, 50% of citizen engagements are conducted online, and digital revenue collection increases by 70%, promoting efficiency, transparency, and convenience for residents. Under human resource management, 70 Council Police Officers will be recruited, and 12 human resource reports prepared to strengthen workforce planning, monitoring, and accountability. The programme will also ensure that 100% of marriages are solemnized in line with statutory requirements. Public engagement and awareness will be strengthened through seven local forums, 24 media briefings, and 12 municipal campaigns, fostering informed and participatory communities. For ICT systems and infrastructure, 100% of ICT infrastructure will be maintained, and the Enterprise Resource Planning (ERP) system operationalized, enhancing digital governance and operational efficiency. In financial management and reporting, the Council will prepare one set of financial statements and one annual budget, while achieving a 8% liquidation of council debt, ensuring fiscal discipline and accountability. Budget performance will be monitored through four reports and 16 stakeholder meetings, supporting evidence-based decision-making. Land and property administration will be strengthened with the preparation of 150 title deeds, processing of 10 offer letters, and 500 change-of-ownership documents, facilitating secure tenure and property management. Under licensing and compliance, the Council will issue 50,000 business levies, prepare 300 occupancy licenses, and issue 1,000 liquor licenses, ensuring compliance with statutory requirements and promoting orderly business operations. Procurement processes will be managed through the development of one procurement plan and the advertisement and awarding of 100% of tenders, ensuring transparency and efficiency. Finally, audit and compliance will be strengthened with four audit reports prepared and 100% of audit recommendations actioned, supporting accountability, risk mitigation, and improved governance. Through these outputs, Lusaka City Council will ensure that its management and support services are efficient, accountable, digitally enabled, and responsive to the needs of residents and stakeholders.

HEAD 9006 LUSAKA CITY COUNCIL**BUDGET PROGRAMMES****Programme 12 : Resource Mobilisation and Management****Programme Objective**

To ensure a systematic, predictable and well-coordinated approach to soliciting, acquiring, management, accounting, reporting and monitoring of resources.

Programme Total	64,184,320	-	52,851,985	-	66,289,638

In 2026, Lusaka City Council will implement the Revenue Mobilization and Resource Management Programme with a total allocation of K66.3 million, aimed at ensuring a systematic, predictable, and well-coordinated approach to resource solicitation, acquisition, management, accounting, reporting, and monitoring. A total of K36.2 million is allocated to Personal Emoluments to cover salaries, wages, and personnel-related costs, ensuring that staff are adequately resourced to manage revenue collection, financial controls, and resource administration effectively. Use of Goods and Services receives K21.3 million to fund general operations, including daily revenue collection activities, resource management initiatives, and operational support for efficient service delivery. Non-Financial Assets (capital expenditure) are allocated K8.8 million to support investments in infrastructure, systems, and equipment that enhance the efficiency and accuracy of resource management and financial reporting. This allocation reflects Lusaka City Council's commitment to efficient, transparent, and accountable revenue and resource management, strengthening the financial foundation for sustainable service delivery across the district.

In 2026, Lusaka City Council will implement the Resource Mobilisation and Management Programme with a total allocation of K66.3 million, aimed at ensuring an efficient, coordinated, and transparent approach to revenue generation and resource management across the district. The entire allocation is directed to Revenue Mobilisation and Enhancement, which will strengthen revenue collection systems, enhance financial controls, and support operational activities that improve the predictability and reliability of council resources. This investment will enable the Council to mobilize resources effectively, maintain accurate accounting, and provide the financial foundation for sustainable municipal service delivery. Through this focused allocation, Lusaka City Council will reinforce its capacity to collect, manage, and monitor resources systematically, ensuring sustainable financing for ongoing operations and development initiatives.

Executive Authority:**Controlling Officer:** Programmes under which this Council will be accounted for by the Town Clerk, Lusaka City Council

In 2026, Lusaka City Council will strengthen revenue collection and resource management through targeted interventions under the Resource Mobilisation and Management Programme. To improve revenue collection, the Council will achieve 100% of budgeted Own Source Revenue (OSR) and maintain 94 revenue checkpoints across markets and parking areas, ensuring efficient and consistent collection of fees and levies. The valuation roll will also be fully updated, with 100% of properties recorded, supporting accurate property assessments, billing, and planning for municipal services. These actions will ensure that Lusaka City Council has a predictable and sustainable revenue base, enabling efficient financial management and supporting the delivery of services and development initiatives across the district.

In 2026, the District Health Services Programme is allocated K25.14 million to support the delivery of primary health care and hospital services across Lusaka. Under Use of Goods and Services, K23.92 million will fund general operations, including medical supplies and service delivery. Non-Financial Assets receive K910,975 for capital investments in health infrastructure. An additional K176,748 is allocated under Financial Assets, and K122,644 under Liabilities to address outstanding obligations. This allocation reflects Lusaka City Council's commitment to accessible, efficient, and well-coordinated health service provision.

In 2026, Lusaka City Council will implement the District Health Services Programme with a total allocation of K25.1 million, aimed at ensuring effective primary health care, hospital services, and district-level health coordination. Under Primary Health Services, K18.5 million is allocated to support the delivery of community health services, preventive care, and public health outreach across Lusaka. District Health Coordination receives K4.1 million to strengthen planning, monitoring, and management of health programmes at the district level. Finally, Hospital Services is allocated 2,562,315 to support operational costs, infrastructure, and service delivery in council-managed hospitals. Through these allocations, Lusaka City Council will ensure that residents have access to well-coordinated, adequately resourced, and quality health services across the district.

HEAD 9006 LUSAKA CITY COUNCIL

In 2026, Lusaka City Council will strengthen the delivery of health services through the District Health Services Programme, ensuring comprehensive primary health care, maternal and child health, and disease prevention across the district. Under childhood immunization, 90% of children under one year will be fully vaccinated, promoting early protection against preventable diseases. For maternal and child health, 90% of pregnant women will receive at least one antenatal care (ANC) visit, while 87% of deliveries will be conducted in health facilities under skilled supervision. In addition, 2,000 new family planning acceptors will be recorded to support reproductive health services. In malaria prevention and case management, the programme aims for zero malaria-related inpatient deaths, strengthening case management and preventive interventions. For HIV services, 95% of people living with HIV will be aware of their status, and 95% of newly diagnosed individuals will be initiated on antiretroviral therapy (ART), supporting treatment coverage and disease control. Nutrition services will be enhanced with 65 health facilities equipped with functional nutrition tools, while clean water and sanitation services will be available in 66 facilities, and 66 facilities will have functional waterborne toilets, ensuring hygienic and safe healthcare environments. For environmental health, 36,250 premises will be inspected for compliance with public health standards, and four epidemic preparedness meetings will be conducted to strengthen public health resilience. Through health promotion and behavior change, 2,000,000 people will be reached with health education, and 70,000 social and behavior change materials distributed, promoting informed health decisions and healthier lifestyles. Community engagement will be strengthened through two stakeholder meetings, and the referral system will ensure 100% of cases referred are appropriately managed. These combined interventions will ensure that Lusaka City Council delivers comprehensive, accessible, and high-quality health services, promoting the health and wellbeing of all residents.

HEAD 9006 LUSAKA CITY COUNCIL**BUDGET PROGRAMMES****Programme 15 : Transport Services****Programme Objective**

To improve road network within the district of Lusaka to enhance security through provision of street lights, construction and rehabilitation of roads; prevention of floods and waterborne diseases.

Table 4: Programme Budget Allocation by Economic Classification

ECONOMIC CLASSIFICATION	2024 BUDGET		2025 BUDGET		2026 BUDGET
	Approved	Expenditure	Approved	Expenditure*	Estimates
04 Assets	-	-	3,200,586	-	6,351,370

Programme Total	(0)	-	3,200,586	-	6,351,370

In 2026, the Transport Services Programme is allocated K6.4 million to enhance road infrastructure and public safety across Lusaka District. The entire allocation falls under Non-Financial Assets, supporting capital expenditure for street lighting, road construction, drainage systems, and flood prevention. This investment reflects Lusaka City Council's commitment to improving mobility, reducing environmental health risks, and fostering safer communities.

Programme 0015: Transport Services**Table 5: Programme Budget Allocation by Subprogramme**

Programme Total	(0)	-	3,200,586	-	6,351,370

In 2026, Lusaka City Council will implement the Transport Services Programme with a total allocation of K6.35 million, focused on improving road infrastructure, enhancing public safety, and strengthening urban mobility across the district. The entire allocation is directed to the Road Transport subprogramme, which will support the construction and rehabilitation of roads, installation of street lighting, and development of drainage systems. These investments will improve traffic flow, reduce flooding, enhance road safety, and contribute to more efficient and secure transport networks within Lusaka. Through this focused investment, Lusaka City Council will ensure that the district has a safe, reliable, and resilient road transport system that supports economic activity and community wellbeing.

Executive Authority:

Controlling Officer: Programmes under which this Council will be accounted for by the Town Clerk, Lusaka City Council

In 2026, Lusaka City Council will enhance road infrastructure and urban mobility through the Transport Services Programme. To improve road safety and traffic management, 60 road signages will be installed, while 2 kilometres of road markings will be painted to guide traffic flow. The programme will also support 2 kilometres of drainage construction and 2 kilometres of drainage rehabilitation, reducing flooding and improving stormwater management across the district. In addition, 2 kilometres of township roads will be rehabilitated to enhance connectivity and accessibility, and 40 street lights will be installed to improve visibility and safety for road users during night-time. These interventions will ensure that Lusaka's transport network is safer, more reliable, and better equipped to support mobility, economic activity, and community wellbeing.

HEAD 9006 LUSAKA CITY COUNCIL**BUDGET PROGRAMMES****Programme 16 : Agricultural Services****Programme Objective**

To enhance agricultural productivity, support agribusiness development, provide technical and extension services and promote sustainable agricultural growth.

Table 4: Programme Budget Allocation by Economic Classification

ECONOMIC CLASSIFICATION	2024 BUDGET		2025 BUDGET		2026 BUDGET
	Approved	Expenditure	Approved	Expenditure*	Estimates

In 2026, Lusaka City Council will implement the Agricultural Services Programme with a total allocation of K430,000, aimed at enhancing agricultural productivity, supporting agribusiness, and strengthening technical and coordination services across the district. The Agricultural Crop Production, Advisory and Technical Services subprogramme receives K300,000 to support crop production, provide technical guidance to farmers, and strengthen extension services. Agribusiness Development and Marketing is allocated K30,000 to promote value addition, marketing, and commercialization of agricultural products. Agriculture Coordination receives 100,000 to ensure effective planning, monitoring, and management of agricultural programmes at the district level. These allocations will enable Lusaka City Council to support sustainable agriculture, increase productivity, and promote agribusiness development for improved livelihoods.

Executive Authority:**Controlling Officer:** Programmes under which this Council will be accounted for by the Town Clerk, Lusaka City Council

In 2026, Lusaka City Council will strengthen agricultural productivity, capacity, and coordination through the Agricultural Services Programme. Under farmer and extension officer capacity building, 500 farmers and 500 extension officers will be trained to enhance knowledge, skills, and adoption of modern farming techniques. To ensure crop performance and productivity, 32 crop monitoring inspections will be conducted across the district. The programme will also ensure that 100% of relevant agricultural information is disseminated to farmers and stakeholders, supporting informed decision-making. Two agricultural shows will be participated in to showcase innovations, best practices, and promote networking among farmers. To promote agribusiness and entrepreneurship, five entrepreneurship trainings will be conducted, equipping participants with skills for business development and value addition. Farmer registration on Zambia Integrated Agricultural Management Information System will be facilitated for 500 farmers, strengthening the database for planning and support. In addition, four monitoring and evaluation reports will be produced to assess programme performance, inform future interventions, and ensure accountability. These combined efforts will ensure that Lusaka's agricultural sector is productive, innovative, and well-coordinated, contributing to improved food security and sustainable livelihoods.

In 2026, Lusaka City Council will strengthen market access, productivity, and health in the livestock and fisheries sector. The Council will train 100 entrepreneurs to enhance skills, promote business development, and improve value chain participation. Livestock health and disease control will be prioritized through 500 disease surveillance exercises, issuance of 3,800 stock movement permits and 3,500 export permits, and 36 extension visits to farmers to provide technical guidance. Capture fisheries productivity will be improved through four surveillance and law enforcement operations, while aquaculture productivity will be enhanced by promoting 48 sustainable fisheries practices. Efforts to increase livestock production will include 62 extension visits and nine extension trainings and demonstrations to support best practices in breeding, feeding, and management. These interventions will ensure that Lusaka's fisheries and livestock sector is productive, well-managed, and resilient, while supporting entrepreneurship, food security, and sustainable livelihoods across the district.

Controlling Officer: Programmes under which this Council will be accounted for by the Town Clerk, Lusaka City Council

In 2026, Lusaka City Council will implement the Fisheries and Livestock Programme to strengthen market access, disease control, and productivity across both sectors. A total of 100 entrepreneurship training participants will be identified to promote agribusiness development. Livestock health will be supported through 500 disease surveillance activities, two vaccination campaigns, and 100% issuance of stock movement and export permits, complemented by 36 extension visits. Capture fisheries will benefit from four law enforcement operations, while aquaculture will see 48 sustainable practices promoted. Livestock production will be enhanced through 62 extension visits and nine training and demonstration sessions, ensuring improved yields and sector resilience.

HEAD 9006 LUSAKA CITY COUNCIL**BUDGET PROGRAMMES****Programme 18 : Social Protection and Community Development****Programme Objective**

To provide inclusive and integrated social protection services to the poor and vulnerable in communities.

In 2026, Lusaka City Council will implement the Social Protection and Community Development Programme to provide comprehensive support to vulnerable populations, strengthening social safety nets and promoting inclusive economic participation. Through the Cash for Work Programme, 15,379 beneficiaries will gain temporary employment and income support, with K59.6 million disbursed to facilitate productive engagement, boost household incomes, and empower communities to meet immediate needs. Beyond cash transfers, the programme will deliver targeted welfare services to 25 households, providing essential support to those most in need, including the elderly, persons with disabilities, and marginalized groups. These combined interventions will not only alleviate short-term economic hardship but also enhance social cohesion, improve community resilience, and lay the groundwork for sustainable livelihoods, positioning Lusaka City Council as a catalyst for equitable social development across the district.
